

Digital thermo-hygrometer HT-3

Digital thermo-hygrometer with Clock

1. LCD display in three lines
2. Clock and calendar function
3. Relative humidity and comfort display
4. Switch between °C and °F
5. Maximum and minimum temperature and relative humidity display
6. Sample Period: 10S, non-adjustable

Main parameters:

Temperature	-5°C~+50°C
Accuracy	Temperature: ±1°C(0°C~+30°C), ±3°C(-30°C~0°C, +30°C~+50°C), Humidity: ±10%(35%~95%), others: ±15%
Resolution	Temperature: 0.1°C, Humidity: 1%
Humidity	10%~99%
Power supply	One 1.5volt AAA battery
